PreventConnect is a national project of ValorUS, formerly known as the California Coalition Against Sexual Assault sponsored by the U.S. Centers for Disease Control and Prevention. The views and information provided in this web conference do not necessarily represent the official views of the U.S. government, CDC or VALOR.

Objectives

- ▶ Describe key findings of *Sexual Citizens: A Landmark Study of Sex, Power, and Assault on Campus*
- ▶ Identify opportunities to create campus environments that protect against sexual and dating violence
- ▶ Discuss implications for shifting campus sexual and dating violence prevention to the community-level

Today's Content

Before we begin, it's important to note that our discussion of *Sexual Citizens* will contain descriptions of actual sexual assaults, as students experienced them. This material can be hard to listen to, and we know that in every room, virtual or not, there are survivors. I'll drop the RAINN hotline number in the chat window; please take care of yourselves, and know that you are not alone.
