What are some examples of successful movements?

Prevention

What made these movements successful?

Prevention

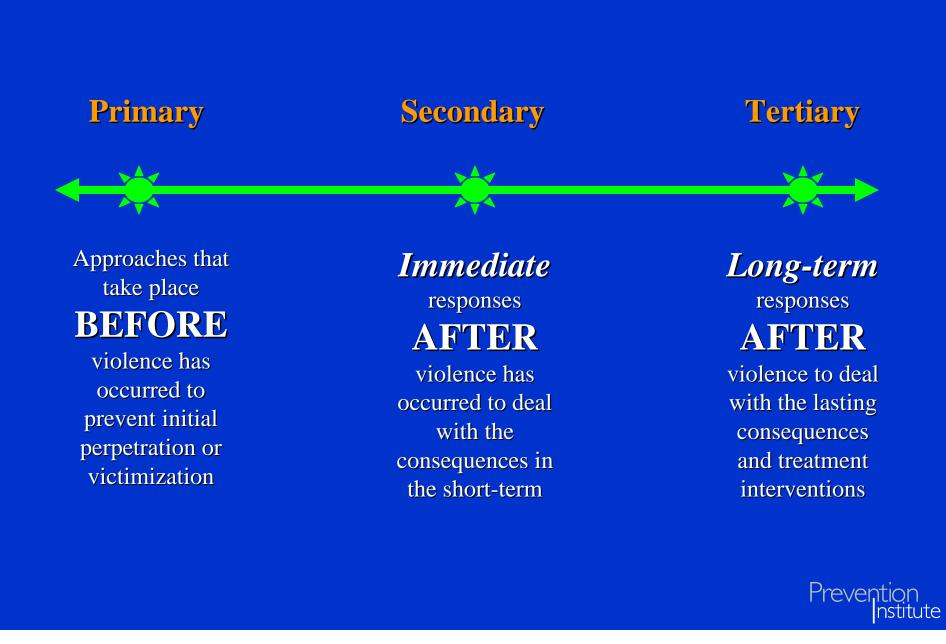

a <u>systematic</u> process that promotes healthy environments and behaviors and reduces the likelihood or frequency of violence against women.

taking action <u>before</u> violence against women occurs.

The Prevention Continuum

66 The prevention of violence against women and girls is a process of changing attitudes, behaviors, beliefs, and institutional norms of 'acceptable' violence and discrimination, through an evolutionary and revolutionary process within an inherited system of inequality detrimental to society. This nonlinear process of transformative education supports the creation of a safe, just, equitable and healthy environment, so that women and girls and men and boys may live violencefree lives
