SAAM Day of Action

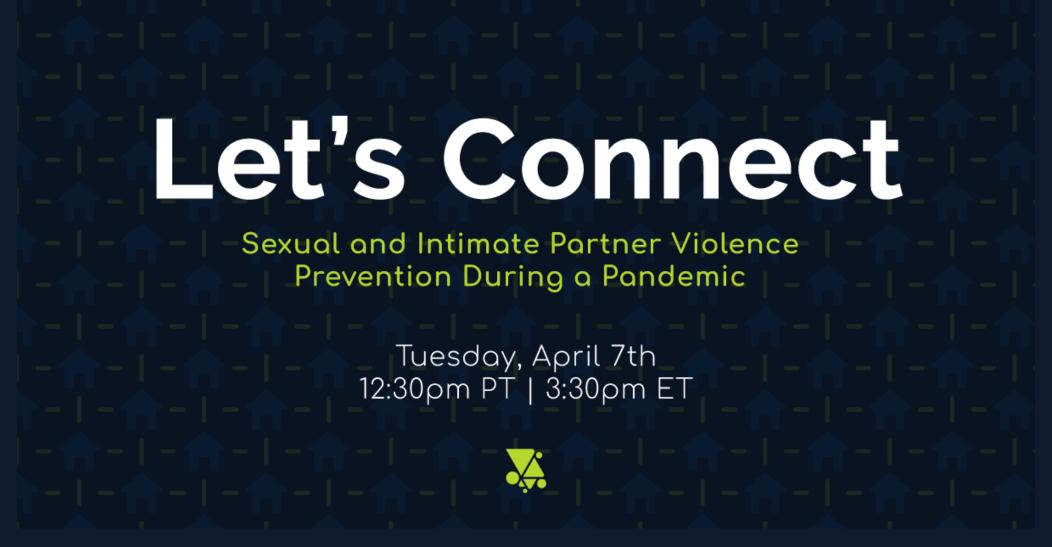

Upcoming web conference

PreventConnect is a national project of the California Coalition Against Sexual Assault sponsored by the U.S. Centers for Disease Control and Prevention. The views and information provided in this web conference do not necessarily represent the official views of the U.S. government, CDC or CALCASA.

Objectives

- Describe challenges and opportunities for advancing sexual and intimate partner violence prevention during the coronavirus and COVID-19 pandemic
- Identify ways to stay connected to the field remotely
- Discuss implications for community- and societal-level prevention

What opportunities for prevention exist now?

Text Chat Question

Use the Text Chat feature to answer the question.

"Right now, we are all aware of our impact on others, our community and world, but this is a power we always have against the hurtful behaviors, attitudes, and beliefs that make abuse and violence possible. I want folks to know that they always have power to create the world they want to live in :)"
